Subject: Diners Club/ASATA Award

Dear Otto, dear Ebrahim, dear ASATA board members and ASATA members

I want to express my sincere gratitude for the belief and trust the ASATA Board, The Diners Club Board and the judges have bestowed upon me. It is an honor, and I mean this sincerely from the bottom of my heart, to be given this award. It has given me even more courage, energy and determination to work harder and more diligently in assisting the travel agency community in our country to elevate their participation in and benefit from selling our products. I would not be worthy of such an award if it wasn't for the trust, support and belief our fellow travel agents have shown to Cruises International and me personally, over the last 24 years. In return, I want to commit to you, the ASATA board my support to the prosperity and growth of our retail and wholesale travel community. It has always been my belief, and has been an integral part of my company's DNA, that the ASATA community is 'part and parcel' of the successful distribution and sale of our fine brands. I want to assure you and the members of our industry, that I will honor the award and their trust by supporting the industry in every way.

Ps. Since we were not given the opportunity to make an acceptance speech at the event, I humbly request that this message is read at the next ASATA board meeting and if possible, included in the next ASATA newsletter.

Best Regards
George Argyropoulos
C.E.O.
